

## Isolation Flow Chart

Have you tested positive,  
or does a healthcare  
provider think that you  
have COVID-19?

No

You do not  
need to isolate.

Yes

Regardless of vaccination status, you must:

- Notify the Covid Support Team by filling out a [Covid Support Form](#).
- Isolate for 5 days after your symptoms first appear or you have tested positive.
- The Covid Support Team will clear you to return to school or work after your 5-day isolation period if:
  - Symptoms are not present (or are resolving)  
AND
  - A test conducted on Day 5 or later is negative  
AND
  - No fever is present for at least 24 hours  
(without the use of medication)
- Isolation may extend to 10 days or longer if:
  - You test positive past day 5  
OR
  - Your symptoms remain and are not resolving
- You must wear a mask around others for a total of 10 days, especially in indoor settings.
