INDEPENDENT AUDITORS' REPORT

Board of Trustees
Pasadena Area Community College District
Pasadena, California

We have audited the accompanying basic financial statements of the Pasadena Area Community College District (the District) as of and for the years ended June 30, 2006 and 2005, and its discretely presented component unit, Pasadena City College Foundation, Inc., as listed in the Table of Contents. These basic financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the Pasadena Area Community College District and its discretely presented component unit, Pasadena City College Foundation, Inc., as of June 30, 2006 and 2005, and the respective changes in financial position and cash flows, for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis, as listed in the Table of Contents, is not a required part of the basic financial statements, but is supplementary information required by the accounting principles generally accepted in the United States of America. This supplementary information is the responsibility of the District's management. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 9, 2006, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contract and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information listed in the Table of Contents, including the Schedule of Expenditures of Federal Awards, which is required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The Additional Supplementary Information on pages 64 through 71 has been presented at the request of District management for purposes of additional analysis. We have applied certain limited procedures consisting primarily of analysis and inquiry regarding presentation; however, we did not audit the information. Accordingly, we express no opinion.

This section of our annual financial report offers a narrative overview and analysis of the financial activities of Pasadena Area Community College District (the District) for the year ended June 30, 2006. This analysis is presented with comparative information from our June 30, 2005 and June 30, 2004, fiscal year ends to highlight changes from one year to the next. This section of our report should be read in conjunction with the basic financial statements, including footnotes. Responsibility for the completeness and accuracy of this information rests with the District management.

USING THIS ANNUAL REPORT

As required by generally accepted accounting principles, the annual report consists of three basic financial statements that provide information on the District's activities as a whole: the Statement of Net Assets, the Statement of Revenues, Expenses, and Changes in Net Assets, and the Statement of Cash Flows.

The focus of the Statement of Net Assets is designed to be similar to bottom line results for the District. This statement combines and consolidates current financial resources (net short-term spendable resources) with capital assets and long-term obligations. The Statement of Revenues, Expenses, and Changes in Net Assets focuses on the costs of the District's operational activities, which are supported mainly by property taxes and by State and other revenues. This approach is intended to summarize and simplify the user's analysis of the cost of various District services to students and the public. The Statement of Cash Flows provides an analysis of the sources and uses of cash within the operations of the District.

The California Community Colleges Chancellor's Office has recommended that all State community colleges follow the Business Type Activity (BTA) model for financial statement reporting purposes.

FINANCIAL HIGHLIGHTS

- The District's primary funding source is "Program-Based Funding" received from the State of California through the State Chancellor's Office. Program-Based Funding is comprised of State apportionment, local property taxes, and student enrollment fees. The primary basis of this apportionment is the calculation of Full-Time Equivalent Students (FTES). Our Credit FTES were 20,498 and 20,219 for the 2006 and 2005 fiscal years, respectively.

PASADENA AREA COMMUNITY COLLEGE DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2006

- The District ended the year with an Unrestricted General Fund balance of \$12,487,182. Included in this ending balance is \$998,221 in carryover for the 2005-2006 State Part-Time Faculty Augmentation Program to be distributed in the 2006-2007 fiscal year. The ending balance also includes \$2,909,680 in restricted Partnership for Excellence carryover funds. The State Chancellor's Office recommends reserve levels of five percent of total General Fund expenditures, \$5,177,932, to be set aside for economic uncertainties. We have met this recommendation.
- The primary expenditure of the District is for the salaries and benefits of the Academic, Classified, and Administrative salaries of District employees. Approximately 79 percent of General Fund resources are consumed by employee compensation.
- A Citizen's Oversight Committee was formed under Proposition 39 requirements and meets quarterly. The meetings are held on the last Wednesday of January, April, July, and October at Pasadena City College in room C233 at 6:00 pm and are open to the public.
- The District provides student financial aid to qualifying students of the District in the amount of approximately \$23.0 million. This represents an increase of approximately \$.8 million over the 2004-2005 fiscal year. This aid is provided through grants, loans, and tuition reductions from the Federal government, State Chancellor's Office, and local funding.

This schedule has been prepared from the District's Statements of Net Assets (page 10), which is presented on an accrual basis of accounting whereby capital assets are capitalized, and depreciated and all liabilities of the District are recognized.

Cash and short-term investments consist primarily of funds held in the Los Angeles County Treasury. The changes in the cash position are explained in the Statements of Cash Flows (page 12).

Capital assets, net of depreciation is the net historical value (original cost) of land, buildings, construction in progress, and equipment less accumulated depreciation.

PASADENA AREA COMMUNITY COLLEGE DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2006

Long-term obligations consists primarily of the general obligation bond issue, 2003 certificates of participation, and compensated absences. Long-term obligations decreased approximately \$1.5 million primarily due to the debt service payment for the general obligation bond and certificates of participation.

PASADENA AREA COMMUNITY COLLEGE DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2006

The operating revenue for the District is specifically defined as revenues from users of the colleges' facilities and programs. Excluded from the operating revenues are the components of the primary source of District funding - the State apportionment process. These components include the State apportionment and local property taxes. As these resources of revenue are from the general population of the State of California, and not from the direct users of the educational services (students), they are considered to be nonoperating. As a result, the operating loss of \$92.6 million is balanced by the other funding sources. Total District revenues exceeded all expenditures sources by \$3 million for the year ended June 30, 2006.

Auxiliary revenue consists of bookstore net revenues. The bookstore is maintained to provide books, supplies, and other items to the students and faculty of the District. The operations are self-supporting through product sales. Profits from the bookstore are used for student government and club activities.

Grant and contract revenues relate to student financial aid, as well as specific Federal and State grants received for programs serving the students of the District. These grant and program revenues are restricted as to the allowable expenses related to the programs.

The interest income is primarily the result of cash held at the Los Angeles County Treasury. The interest expense relates to interest payments on the certificates of participation, lease commitments, and a note payable described in Note 8 of the financial statements.

Statement of Cash Flows for the Year Ended June 30,

(Amounts in thousands)

	2006	2005	2004
CASH FLOWS FROM			
Operating activities	\$ (87,879)	\$ (76,690)	\$ (71,651)
Noncapital financing activities	91,727	84,317	73,733
Capital financing activities	(5,097)	(14,518)	(17,443)
Investing activities	2,024	3,166	1,522
Net Change in Cash and Cash Equivalents	<u>\$ 775</u>	<u>\$ (3,725)</u>	<u>\$ (13,839)</u>

The Statement of Cash Flows provides information about cash receipts and payments during the year. This statement also assists users in assessing the District's ability to meet its obligations as they come due and its need for external financing.

The primary operating receipts are student tuition and fees and Federal, State, and local grants and contracts. The primary operating expense of the District is the payment of salaries and benefits to instructional and classified support staff, as well as District administrators.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2006

ECONOMIC FACTORS AFFECTING THE FUTURE OF PASADENA AREA COMMUNITY COLLEGE DISTRICT

The economic position of Pasadena Area Community College District is closely tied to the State of California as State apportionments and property taxes allocated to the District represent approximately 79 percent of the unrestricted General Fund. The funding formula for the 2006-2007 fiscal year has not been finalized; however, the Governor's fiscal year 2006-2007 budget for community colleges contains a 5.92 percent cost of living increase and growth funds. The State economy is improving, and the Proposition 98 minimum guarantees plays a major factor in the State appropriations for higher education. Student tuition will decrease to \$20 per unit effective January 1, 2007.

Medical benefit insurance costs increased 12 percent. Management is closely monitoring all of these factors in an effort to control the ultimate impact on the District's financial health.

In July 2006, the District issued the second series of the general obligation bond in the amount of \$65 million. This will be used to fund the campus center, arts building, and the industrial technology building.

There are currently no other known facts, decisions, or conditions that will have a significant effect on the financial position (net assets) or results of operations (revenues, expenses, and changes in net assets) of the District.

CONTACTING THE DISTRICT

PASADENA AREA COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2006 AND 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The Pasadena Area Community College District (the District) was established in 1967 as a political subdivision of the State of California and provides post secondary educational services to residents of Los Angeles County. The District operates under a locally elected seven-member Board of Trustees form of government, which establishes the policies and procedures by which the District operates. The Board must approve the annual budgets for the General Fund, special revenue funds, and capital project funds, but these budgets are managed at the department level. Currently, the District operates one community college located in Pasadena, California. While the District is a political subdivision of the State of California, it is not a component unit of the State in accordance with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 39.

Financial Reporting Entity

During the year ended June 30, 2004, the District adopted GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*. This statement amends GASB Statement No. 14, *The Financial Reporting Entity*, to provide additional guidance to determine whether certain organizations, for which the District is not financially accountable, should be reported as component units based on the nature and significance of their relationship with the District.

As defined by generally accepted accounting principles established by the Governmental Accounting Standards Board, the financial reporting entity consists of the primary government (the District), as well as the following component units:

- **Pasadena City College Foundation, Inc.**

The Pasadena City College Foundation, Inc. (the Foundation) is a legally separate, tax-exempt component unit of the District. The Foundation acts primarily as a fundraising organization to provide grants and scholarships to students and support to employees, programs, and departments of the District. The thirty-one member Board of the Foundation consists of community members, alumni, and other supporters of the Foundation. Although the District does not control the timing or amount of receipts from the Foundation, the majority of resources, or income thereon, that the Foundation holds and invests are restricted to the activities of the District by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the District, the Foundation is considered a component unit of the District. The Foundation is reported in separate financial statements because of the difference in its reporting model, as further described below.

The Foundation is a not-for-profit organization that reports its financial results under Financial Accounting Standards Board (FASB) Statements. Most significant to the Foundation's operations and reporting model are FASB Statement No. 116, *Accounting for Contributions Received and Contributions Made*, and FASB Statement No. 117, *Financial Reporting for Not-For-Profit Organizations*. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information in the District's financial reporting entity for these differences.

Financial statements for the Foundation can be obtained by calling the Foundation at (626) 585-7363.

PASADENA AREA COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2006 AND 2005

- **The Los Angeles County Schools Regionalized Business Service Corporation**

The Los Angeles County Schools Regionalized Business Service Corporation (the Corporation) is a legally separate organization component unit of the District. The Corporation was formed to issue debt specifically for the acquisition and construction of capital assets for the District. The financial activity has been "blended" or consolidated within the financial statements as the District as if the activity was the District's. Within the other supplementary information section of the report, the activity is included as the Capital Outlay Projects Fund and the Other Debt Service Fund. Certificates of participation issued by the Corporation are included as long-term liabilities in of the District. Individually-prepared financial statements are not prepared for the Corporation.

- **Joint Powers Agencies and Public Entity Risk Pools**

The District is associated with two joint powers agencies (JPAs). These organizations do not meet the criteria for inclusion as component units of the District. The JPAs are the Statewide Association of Community Colleges (SWACC) and the Schools Alliance for Workers' Compensation Excess II (SAWCX II).

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

For financial reporting purposes, the District is considered a special-purpose government engaged only in business-type activities. Accordingly, the District's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-agency and intra-fund transactions have been eliminated.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. Generally, available is defined as collectible within 90 days.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include State apportionments, property taxes, certain grants, entitlements, and donations. Revenue from State apportionments is generally recognized in the fiscal year in which it is apportioned from the State. Revenue from property taxes is recognized in the fiscal year in which the taxes are received. Revenue from certain grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include time and purpose requirements.

The accounting policies of the District conform to accounting principles generally accepted in the United States of America (US GAAP) as applicable to colleges and universities, as well as those prescribed by the California Community Colleges Chancellor's Office. The District reports are based on all applicable GASB pronouncements, as well as applicable FASB pronouncements issued on or before November 30, 1989, unless those pronouncements conflict or contradict GASB pronouncements. When applicable, certain prior year amounts have been reclassified to conform to current year presentation.

PASADENA AREA COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2006 AND 2005

The financial statements are presented in accordance with the reporting model as prescribed in GASB Statement No. 34, *Basic Financial Statements and Management's Discussions and Analysis for State and Local Governments*, and GASB Statement No. 35, *Basic Financial Statements and Management's Discussions and Analysis for Public Colleges and Universities*, as amended by GASB Statements No. 37 and No. 38. The Business type activities model followed by the District requires the following components of the District's financial statements:

- Management's Discussion and Analysis
- Basic Financial Statements for the District as a whole including:
 - Statement of Net Assets
 - Statement of Revenues, Expenses, and Changes in Net Assets
 - Statement of Cash Flows
- Notes to the Financial Statements

The following is a summary of the more significant policies:

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand and demand deposits. Cash equivalents also include cash with county treasury balances for purposes of the statements of cash flows.

Investments

In accordance with GASB Statement No. 31, *Accounting and Reporting for Certain Investments and for External Investment Pools*, investments are stated at fair value. Fair value is estimated based on published market prices at year-end. Investments for which there are no quoted market prices are not material.

Accounts Receivable

Accounts receivable include amounts due from the Federal, State, and/or local governments or private sources, in connection with reimbursement of allowable expenditures made pursuant to the District's grants and contracts. Accounts receivable also consist of tuition and fee charges to students and auxiliary enterprise services provided to students, faculty, and staff, the majority of each residing in the State of California. Management has analyzed these accounts and believes all amounts are fully collectable.

Prepaid Expenditures

Prepaid expenditures or expenses represent payments made to vendors for services that will benefit periods beyond June 30.

Inventory

Inventory consists primarily of bookstore merchandise and supplies held for resale to the students and faculty of the college. Inventories are stated at cost, utilizing the weighted average method. The cost is recorded as an expense as the inventory is consumed.

PASADENA AREA COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2006 AND 2005

Capital Assets and Depreciation

Capital assets are long-lived assets of the District as a whole and include land, construction-in-progress, buildings, leasehold improvements, and equipment. The District maintains an initial unit cost capitalization threshold of \$5,000 for equipment and \$100,000 for land, construction-in-progress, buildings, and leasehold improvements. Assets are recorded at historical cost, or estimated historical cost, when purchased or constructed. The District does not possess any infrastructure. Donated capital assets are recorded at estimated fair market value at the date of donation. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Major outlays for capital improvements are capitalized as construction-in-progress as the projects are constructed.

Depreciation of capital assets is computed and recorded by the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: buildings, 50 years; improvements, 20 years; equipment, 5 to 15 years.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the entity-wide financial statements.

Compensated Absences

Accumulated unpaid vacation benefits are accrued as a liability as the benefits are earned. The entire compensated absence liability is reported on the government-wide financial statements. For governmental funds, the current portion of unpaid compensated absences is recognized upon the occurrence of relevant events such as employee resignations and retirements that occur prior to year end that have not yet been paid with expendable available financial resources. These amounts are reported in the fund from which the employees who have accumulated leave are paid.

Sick leave is accumulated without limit for each employee based upon negotiated contracts. Leave with pay is provided when employees are absent for health reasons; however, the employees do not gain a vested right to accumulated sick leave. Employees are never paid for any sick leave balance at termination of employment or any other time. Therefore, the value of accumulated sick leave is not recognized as a liability in the District's financial statements. However, credit for unused sick leave is applicable to all classified school members who retire after January 1, 1999. At retirement, each member will receive .004 year of service credit for each day of unused sick leave.

PASADENA AREA COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2006 AND 2005

Deferred Revenue

Deferred revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the District prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized. Deferred revenues include (1) amounts received for tuition and fees prior to the end of the fiscal year that are related to the subsequent fiscal year and (2) amounts received from Federal and State grants received before the eligibility requirements are met are recorded as deferred revenue.

Net Assets

GASB Statements No. 34 and No. 35 report equity as "Net Assets." Net assets are classified according to external donor restrictions or availability of assets for satisfaction of District obligations according to the following net asset categories:

Invested in Capital Assets, Net of Related Debt - Capital Assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets.

Restricted - Expendable - Net assets whose use by the District is subject to externally imposed constraints that can be fulfilled by actions of the District pursuant to those constraints or by the passage of time.

Unrestricted - Net assets that are not subject to externally imposed constraints. Unrestricted net assets may be designated for specific purposes by action of the Board of Trustees or may otherwise be limited by contractual agreements with outside parties.

When both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first and the unrestricted resources when they are needed.

Operating Revenues and Expenses

Classification of Revenues - The District has classified its revenues as either operating or nonoperating according to the following criteria:

Operating revenues - Operating revenues include activities that have the characteristics of exchange transactions, such as, (1) student tuition and fees, net of scholarship discounts and allowances, (2) sales and services of auxiliary enterprises, net of scholarship discounts and allowances, (3) most Federal, State, and local grants and contracts, and (4) interest on institutional student loans.

Nonoperating revenues - Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as State apportionments, property taxes, investment income, gifts and contributions, and other revenue sources described in GASB Statement No. 34.

PASADENA AREA COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2006 AND 2005

Classification of Expenses - Nearly all the District's expenses are from exchange transactions and are classified as either operating or nonoperating according to the following criteria:

Operating expenses - Operating expenses are necessary costs to provide the services of the District and include employee salaries and benefits, supplies, operating expenses, and student financial aid.

Nonoperating expenses - Nonoperating expenses include interest expense and other expenses not directly related to the services of the District.

State Apportionments

Certain current year apportionments from the State are based on financial and statistical information of the previous year. Any corrections due to the recalculation of the apportionment are made in February of the subsequent year and are recorded in the District's financial records when received.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Property Tax

Secured property taxes attach as an enforceable lien on property as of January 1. The County Assessor is responsible for assessment of all taxable real property. Taxes are payable in two installments on November 1 and February 1 and become delinquent on December 10 and April 10, respectively. Unsecured property taxes are payable in one installment on or before August 31. The County of Los Angeles bills and collects the taxes on behalf of the District. Local property tax revenues are recorded when received.

Federal Financial Assistance Programs

The District participates in federally funded Pell Grants, SEOG Grants, Federal Work-Study, and Stafford Loan programs, as well as other programs funded by the Federal government. Financial aid to students is either reported as operating expenses or scholarship allowances, which reduce revenues. The amount reported as operating expense represents the portion of aid that was provided to the student in the form of cash. Scholarship allowances represent the portion of aid provided to students in the form of reduced tuition. These programs are audited in accordance with the Single Audit Act Amendments of 1996, and the U.S. Office of Management and Budget's revised Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, and the related *Compliance Supplement*. During the year ended June 30, 2006 and 2005, the District distributed \$859,537 and \$960,128, respectively, in direct lending through the U.S. Department of Education.

PASADENA AREA COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2006 AND 2005

Component Unit

The Pasadena City College Foundation, Inc. maintains its accounts in accordance with the principles and practices of fund accounting. Fund accounting is the procedure by which resources for various purposes are classified for accounting purposes in accordance with activities or objectives specified by donors. Accordingly, net assets and the changes in net assets are classified as follows:

Permanently Restricted Net Assets - Net assets subject to donor-imposed stipulations that they be maintained permanently by the Foundation. Generally the donors of these assets permit the Foundation to use all or part of the income earned on related investments for general or specific purposes.

Temporarily Restricted Net Assets - Net assets subject to donor-imposed stipulations that will be met by actions of the Foundation and/or the passage of time.

Unrestricted Net Assets - Net assets not subject to donor-imposed restrictions.

Revenues are reported as increases in the unrestricted net assets classification unless use of the related assets is limited by donor-imposed restrictions. Contributions, including unconditional promises to give, are recognized as revenue in the period received. Conditional promises to give are not recognized as revenue until the conditions on which they depend are substantially met. Contributions for in-kind gifts from outside sources are recorded at their fair market value on the date of the donation.

Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Investments are reported at fair value based upon quoted market prices.

Investments are reported at fair value based upon quoted market prices.

The Foundation is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and related California Franchise Tax Codes.

Changes in Accounting Principles

- **GASB Statement No. 42:** In November 2003, GASB issued Statement No. 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries*. This statement establishes accounting and financial reporting standards for impairment of capital assets. The provisions of this statement are effective for periods beginning after December 2004 and have been implemented by the District in fiscal year 2005-2006.
- **GASB Statement No. 46:** In December 2004, GASB issued Statement No. 46, *Net Assets Restricted by Enabling Legislation*, an amendment of GASB Statement No. 34. This statement clarifies that a legally enforceable enabling legislation restriction is one that a party external to a government can compel a government to honor. Accordingly, it clarifies the determination of restricted net assets within the statement of net assets. The District has implemented this statement.

PASADENA AREA COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2006 AND 2005

- **GASB Statement No. 47:** In June 2005, GASB issued Statement No. 47, *Accounting for Termination Benefits*. This statement establishes accounting standards for termination benefits. The District has implemented this statement.

New Accounting Pronouncements

- **GASB Statement No. 43:** In April 2004, GASB issued Statement No. 43, *Financial Reporting for Postemployment Benefits Other than Pension Plans*. The standards in this statement apply for trust funds included in the financial reports of plan sponsors or employers, as well as for the stand-alone financial reports of OPEB plans or the public employee retirements systems, or other third parties that administer them. The provisions of this statement are effective for periods beginning after December 15, 2005. The District is not a plan sponsor of an OPEB Plan.
- **GASB Statement No. 45:** In June 2004, GASB issued Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions*. This statement establishes standards for the measurement, recognition and display of OPEB expense, expenditures and related liabilities or assets, note disclosures and, if applicable, required supplementary information in the financial reports of State and local governmental employers. This statement generally provides for prospective implementation - that is, that employers set the beginning net OPEB obligation at zero as of the beginning of the initial year. The District is in the process of determining the impact the implementation of this statement will have on the government-wide statements of net assets and activities. This statement is effective for periods beginning after December 15, 2006, depending upon the size of the governmental entities' financial activity. The District will be implementing the requirements of this standard in the 2007-2008 fiscal year.

Comparative Financial Information

Comparative financial information for the prior year has been presented for additional analysis; certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

NOTE 2 - CASH AND INVESTMENTS

Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

PASADENA AREA COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2006 AND 2005

Investment in County Treasury - The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (Education Code Section 41001). The fair value of the District's investment in the pool is reported in the accounting financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

General Authorizations

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedules below:

PASADENA AREA COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2006 AND 2005

Summary of Deposits and Investments

Deposits and investments as of June 30, 2006, consist of the following:

Cash on hand and in banks	\$ 3,487,553
Cash in revolving	107,500
Investments	<u>52,183,458</u>
Total Deposits and Investments	<u>\$ 55,778,511</u>

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District manages its exposure to interest rate risk by primarily investing in the County investment pool.

Specific Identification

Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuation is provided by the following schedule that shows the distribution of the District's investment by maturity:

Investment Type	Fair Value	Maturity Date
County Pool - Los Angeles	\$ 46,895,033	251 days*
Certificates of Deposit	1,649,426	1,652 days*
Stocks	2,582,034	Not Applicable

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District's investment in the County pool is not required to be rated, nor has it been rated as of June 30, 2006. Presented below is the minimum rating required by the California Government Code, the District's investment policy, or debt agreements, and the actual rating as of the year-end for each investment type.

Investment Type	Fair Value	Minimum Legal Rating	Rating June 30, 2006
County Pool - Los Angeles	\$ 46,895,033	Not Applicable	Not Applicable
Certificates of Deposit	1,649,426	Not Applicable	Not Applicable
Stocks	2,582,034	Not Applicable	Not Applicable
Mutual Funds	947,897	Not Applicable	Not Applicable
Total	<u>\$ 52,074,390</u>		

Custodial Credit Risk - Deposits

This is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a policy for custodial credit risk for deposits. However, the California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits. As of June 30, 2006, the District's bank balance of \$3,899,522 was exposed to custodial credit risk because it was uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the name of the District.

NOTE 5 - INTERFUND TRANSACTIONS

Interfund Receivables/Payables (Due To/Due From)

Interfund receivable and payable balances consist of amounts owed between funds as a result of the time lag between the date that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions recorded in the accounting system and (3) payments between funds occur. These interfund transactions have been eliminated through consolidation within the entity-wide financial statements.

Operating Transfers

Operating transfers between District governmental funds are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. These operating transfers have been eliminated through consolidation within the entity-wide financial statements.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2006 AND 2005

Description of Debt

Payments of the general obligation bonds are to be made by the Bond Interest and Redemption Fund with local tax collections. Payments for the certificates of participation (COPs) and the notes payable obligation are made by the Other Debt Service Fund. The compensated absences will be paid by the fund for which the employee worked. Capital lease payments are made out of the General Unrestricted Fund.

General obligation bonds were approved by a local election in March 2002. The total amount approved by the voters was \$150,000,000. At June 30, 2006, \$33,000,000 had been issued and \$28,040,000 was outstanding. Interest rates on the bonds range from two percent to five percent.

The 2003 certificates of participation were issued in September 2003 in the amount of \$5,380,000 to prepay its proportionate share of the 1993 Certificates of Participation Series A. At June 30, 2006, the balance outstanding was \$4,410,000. The certificates mature through 2014 with interest rates ranging from 2.000 percent to 4.625 percent.

The notes payable were issued in 1996 in the amount of \$2,240,000 to fund energy-retrofitting projects throughout the District. At June 30, 2006, the balance outstanding was \$998,750. The notes mature through 2011.

The District has utilized capital leases purchase agreements to purchase primarily equipment. The current lease purchase agreements will be paid through 2010.

The compensated absences will be paid for by the fund for which the employee works.

Accumulated Unpaid Employee Vacation

The long-term portion of accumulated unpaid employee vacation for the District at June 30, 2006, amounted to \$2,465,790.

NOTE 9 - POSTEMPLOYMENT BENEFITS

The District provides medical, dental, and vision insurance coverage, as prescribed in the various employee union contracts, to retirees meeting plan eligibility requirements. Eligible employees retiring from the District may become eligible for these benefits when the requirements are met. The eligibility requirement for employees participating in PERS is a minimum age of 55 and a minimum ten years of continuous service with the District. Additional age and service criteria may be required. The eligibility requirement for employees participating in STRS is a minimum age of 60 with five years of service, or age 50 with 30 years of service. In addition, the District also has minimum continuous service requirements for retirement that range from three years to ten years and varies by employee class. The District recognizes expenditures for these postemployment health benefits on a pay-as-you-go-basis. During the 2006 fiscal year, the District provided insurance premium benefits to 38 retired employees with total expenditures of \$468,559.

NOTE 10 - RISK MANAGEMENT

Property and Liability

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year ending June 30, 2006, the District contracted with the Statewide Association of Community Colleges (SWACC) Joint Powers Authority for property and liability insurance coverage. Settled claims have not exceeded this commercial coverage in any of the past three years. There has not been a significant reduction in coverage from the prior year.

PASADENA AREA COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2006 AND 2005

Workers' Compensation

For fiscal year 2006, the District participated in the Schools Alliance for Workers' Compensation Excess II (SAWCX II) Joint Powers Authority (JPA), an insurance purchasing pool. The District is self insured for the first \$150,000 of each workers' compensation claim. The intent of the JPA is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the JPA. The workers' compensation experience of the participating districts is calculated as one experience, and a common premium rate is applied to all districts in the JPA. Each participant pays its workers' compensation premium based on its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall saving. A participant will then either receive money from or be required to contribute to the "equity-pooling fund." This "equity pooling" arrangement insures that each participant shares equally in the overall performance of the JPA. Participation in the JPA is limited to K-12 and community college districts that can meet the JPA's selection criteria.

NOTE 11 - EMPLOYEE RETIREMENT SYSTEMS

Qualified employees are covered under multiple-employer contributory retirement plans maintained by agencies of the State of California. Certificated employees are members of the State Teachers' Retirement System (STRS) and classified employees are members of the California Public Employees' Retirement System (CalPERS).

STRS

Plan Description

All certificated employees and those employees meeting minimum standards adopted by the Board of Governors of the California Community Colleges and employed 50 percent or more of a full-time equivalent position participate in the Defined Benefit Plan (DB Plan). Part-time educators hired under a contract of less than 50 percent or on an hourly or daily basis without contract may elect membership in the Cash Balance Benefit Program (CB Benefit Program). Since January 1, 1999, both of these plans have been part of the State Teachers' Retirement System (STRS), a cost-sharing, multiple-employer contributory public employee retirement system. The State Teachers' Retirement Law (Part 13 of the *California Education Code*, Section 22000 et seq.) established benefit provisions for STRS. Copies of the STRS annual financial report may be obtained from the STRS Executive Office, 7667 Folsom Boulevard, Sacramento, California 95851.

PASADENA AREA COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2006 AND 2005

The STRS, a defined benefit pension plan, provides retirement, disability, and death benefits, and depending on which component of the STRS the employee is in, post-retirement cost-of-living adjustments may also be offered. Employees in the DB Plan attaining the age of 60 with five years of credited California service (service) are eligible for "normal" retirement and are entitled to a monthly benefit of two percent of their final compensation for each year of service. Final compensation is generally defined as the average salary earnable for the highest three consecutive years of service. The plan permits early retirement options at age 55 or as early as age 50 with at least 30 years of service. While early retirement can reduce the two percent age factor used at age 60, service of 30 or more years will increase the percentage age factor to be applied. Disability benefits are generally the maximum of 50 percent of final compensation for most applicants. Eligible dependent children can increase this benefit up to a maximum of 90 percent of final compensation. After five years of credited service, members become 100 percent vested in retirement benefits earned to date. If a member's employment is terminated, the accumulated member contributions are refundable. The features of the CB Benefit Program include immediate vesting, variable contribution rates that can be bargained, guaranteed interest rates, and flexible retirement options. Participation in the CB benefit plan is optional; however, if the employee selects the CB benefit plan and their basis of employment changes to half time or more, the member will automatically become a member of the DB Plan.

Funding Policy

Active members of the DB Plan are required to contribute eight percent of their salary while the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the STRS Teachers' Retirement Board. The required employer contribution rate for fiscal year 2005-2006 was 8.25 percent of annual payroll. The contribution requirements of the plan members are established by State statute. The CB Benefit Program is an alternative STRS contribution plan for instructors. Instructors who choose not to sign up for the DB Plan or FICA may participate in the CB Benefit Program. The District contribution rate for the CB Benefit Program is always a minimum of four percent with the sum of the District and employee contribution always being equal or greater than eight percent.

Annual Pension Cost

The District's total contributions to STRS for the fiscal years ended June 30, 2006, 2005, and 2004, were \$3,816,744, \$3,592,479, and \$3,397,099, respectively, and equal 100 percent of the required contributions for each year.

CalPERS

Plan Description

All full-time classified employees participate in the CalPERS, an agent multiple-employer contributory public employee retirement system that act as a common investment and administrative agent for participating public entities within the State of California. The Pasadena Area Community College District is part of a "cost-sharing" pool with CalPERS. Employees are eligible for retirement as early as age 50 with five years of service. At age 55, the employee is entitled to a monthly benefit of 2.0 percent of final compensation for each year of service credit. Retirement compensation is reduced if the plan is coordinated with Social Security. Retirement after age 55 will increase the percentage rate to a maximum of 2.5 percent at age 63 with an increased rate. The plan also provides death and disability benefits. Retirement benefits fully vest after five years of credited service. Upon separation from the Fund, members' accumulated contributions are refundable with interest credited through the date of separation.

PASADENA AREA COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2006 AND 2005

The Public Employees' Retirement Law (Part 3 of the *California Government Code*, Section 20000 et seq.) establishes benefit provisions for CalPERS. CalPERS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalPERS annual financial report may be obtained from the CalPERS Executive Office, 400 P Street, Sacramento, California 95814.

Funding Policy

Active plan members are required to contribute seven percent of their salary (seven percent of monthly salary over \$133.33 if the member participates in Social Security), and the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the CalPERS Board of Administration. The District's contribution rate to CalPERS for fiscal year 2005-2006 was 9.116 percent of annual payroll.

Annual Pension Cost

The District's contributions to CalPERS for fiscal years ending June 30, 2006, 2005, and 2004, were \$1,640,728, \$1,800,512, and \$1,884,964, respectively, and equaled 100 percent of the required contributions for each year.

On Behalf Payments

The State of California makes contributions to STRS and CalPERS on behalf of the District. These payments consist of State General Fund contributions to STRS which amounted to \$2,089,725 (4.517 percent) of salaries subject to STRS. No contributions from the State were made for PERS for the year ended June 30, 2006. These amounts have been reflected in the financial statements as a component of nonoperating revenue and employee benefit expense.

Social Security

As established by Federal law, all public sector employees who are not members of their employer's existing retirement system (STRS or PERS) must be covered by Social Security or an alternative plan. The District has elected to cover all employees other than STRS members by Social Security. STRS members at the District intend to begin the process to increase coverage by Social Security.

NOTE 12 - COMMITMENTS AND CONTINGENCIES

Grants

The District receives financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2006.

PASADENA AREA COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2006 AND 2005

Litigation

The District is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the District at June 30, 2006.

Construction Commitments

As of June 30, 2006, the District had the following commitments with respect to the unfinished capital projects:

	Remaining Construction Commitment	Expected Date of Completion
CAPITAL PROJECT		
Industrial Technology Building Project	\$ 827,750	05/01/09
Campus Center	1,252,837	05/01/09

	<u>\$ 2,266,595</u>	

NOTE 13 - PARTICIPATION IN PUBLIC ENTITY RISK POOLS AND JOINT POWERS AUTHORITIES

The District is a member of the Statewide Association of Community Colleges (SWACC) joint powers authority (JPA). The District pays premiums for its property liability coverage. The relationship between the District and the JPA is such that it is not a component unit of the District for financial reporting purposes.

The District is also a member of the Schools Alliance for Workers' Compensation Excess II (SAWCX II) joint powers authority (JPA). The District pays premiums for excess workers' compensation coverage. The relationship between the District and the JPA is such that it is not a component unit of the District for financial reporting purposes.

The JPAs have budgeting and financial reporting requirements independent of member units and their financial statements are not presented in these financial statements; however, transactions between the JPAs and the District are included in these statements. Audited financial statements are available from the respective entities.

During the year ended June 30, 2006, the District made payments of \$541,094 and \$295,653 to SWACC and SAWCX II, respectively.

NOTE TO SUPPLEMENTARY INFORMATION JUNE 30, 2006

NOTE 1 - PURPOSE OF SCHEDULES

Schedule of Expenditures of Federal Awards

The accompanying schedule of expenditures of Federal awards includes the Federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of the United States Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

Schedule of Expenditures of State Awards

The accompanying schedule of expenditures of State awards includes the State grant activity of the District and is presented on the modified accrual basis of accounting. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

Schedule of Workload Measures for State General Apportionment

Full-Time Equivalent Students (FTES) is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds are made to community college districts. This schedule provides information regarding the attendance of students throughout the District.

Reconciliation of Annual Financial and Budget Report with Fund Financial Statements

This schedule provides the information necessary to reconcile the fund balance of all funds reported on the Form CCFS-311 to the audited financial statements.

Reconciliation of the Governmental Funds Balance Sheets to the Statement of Net Assets

This schedule provides a reconciliation of the adjustments necessary to bring the District's fund financial statements, prepared on a modified accrual basis, to the accrual basis required under GASB Statement No. 35.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Trustees
Pasadena Area Community College District
Pasadena, California

We have audited the financial statements of Pasadena Area Community College District (the District) as of and for the years ended June 30, 2006 and 2005, and have issued our report thereon dated November 9, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Pasadena Area Community College District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the basic financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted certain matters involving the internal control over financial reporting which we have reported to management of Pasadena Area Community College District in a separate letter dated November 9, 2006.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Pasadena Area Community College District's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information of the Board of Trustees, District Management, the California Community Colleges Chancellor's Office, and the District's Federal and State awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Board of Trustees
Pasadena Area Community College District
Pasadena, California

Compliance

We have audited the compliance of Pasadena Area Community College District (the District) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major Federal programs for the year ended June 30, 2006. The District's major Federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major Federal programs is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America, and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, Pasadena Area Community College District complied, in all material respects, with the requirements referred to above that are applicable to each of its major Federal programs for the year ended June 30, 2006.

Internal Control Over Compliance

The management of Pasadena Area Community College District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to Federal programs. In planning and performing our audit, we considered Pasadena Area Community College District's internal control over compliance with requirements that could have a direct and material effect on a major Federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants that would be material in relation to a major Federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information of the Board of Trustees, District Management, the California Community Colleges Chancellor's Office, and the District's Federal and State awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON STATE COMPLIANCE

Board of Trustees
Pasadena Area Community College District
Pasadena, California

We have audited the financial statements of the Pasadena Area Community College District (the District) for the years ended June 30, 2006 and 2005, and have issued our report thereon dated November 9, 2006.

Our audit was made in accordance with auditing standards generally accepted in the United States of America and the standards for financial and compliance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In connection with the audit referred to above, we selected and tested transactions and records to determine the District's compliance with the following State laws and regulations in accordance with Section 400 of the Chancellor's Office's *California Community Colleges Contracted Audit Manual (CDAM)*.

General Directive

- MIS Implementation - Required Data Elements

Administration

- Open Enrollment
- Minimum Conditions - Standards of Scholarship
- Student Fee - Instructional Materials and Health Fees
- Apportionment of Instructional Service Agreements/Contracts
- Residency Determination for Credit Courses
- Concurrent Enrollment of K-12 Students in Community College Credit Courses
- Enrollment Fee
- Students Actively Enrolled
- Salaries of Classroom Instructors (50% Law)
- Use of Matriculation Funds
- CalWORKs - Use of State and Federal TANF Funding
- Allocation of Costs (DSPS and EOPS)
- Non Credit Courses

Management is responsible for the District's compliance with those requirements. Our responsibility is to express an opinion on the District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

In our opinion, except for findings 2006-1 through 2006-3 as described in the accompanying Schedule of State Awards Findings and Questioned Costs, the Pasadena Area Community College District complied, in all material respects, with the aforementioned requirements for the year ended June 30, 2006.

This report is intended solely for the information of the Board of Trustees, District Management, the California Community Colleges Chancellor's Office, the California Department of Finance, and the California Department of Education, and is not intended to be and should not be used by anyone other than these specified parties.

STATE AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2006

The following findings represent instances of noncompliance and/or questioned costs relating to State program laws and regulations.

STANDARDS OF SCHOLARSHIP

2006-1 Finding

Students are allowed to repeat a course to better a substandard grade one time for State Apportionment credit and to affect the overall grade point average (GPA). We noted that students' GPA was affected by the repeating of courses two or more times. The FTES calculation properly excluded those students not meeting the requirements for apportionment credit.

Recommendation

We recommend that the District monitor the calculation of the students' GPA to ensure that grades earned in the second repetition are not counted in calculation of the overall GPA.

District Response

Effective with the Spring 2007 semester, the GPAs of students who repeat a course two or more times, where previously two substandard grades were earned, will be monitored so that the grades earned in the second or more repetition are not counted in the calculation of the overall GPA.

2006-2 Finding

The State Chancellor's Office provided direction to districts to complete a self-assessment of noncredit classes. The District completed the checklist for the computer/library lab courses and properly submitted them to the Chancellor's Office. However, the District did not complete the self-assessment checklists for all other noncredit courses.

Recommendation

We recommend that the District review their noncredit offerings for compliance with the State Chancellor's Office and complete the self-assessment checklists for all noncredit courses.

District Response

The checklists have now been completed and submitted for all noncredit offerings and will monitor and comply with appropriate deadlines. The Dean of the Community Education Center will be responsible for noncredit compliance and meeting reporting deadlines.

STATE AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2006

50 PERCENT LAW

2006-3 Finding

In our sample of five employees charged under the "Instructional Aide" account code, one employee tested does not appear to perform the duties specified for a classroom instructional aide. In accordance with California Code of Regulations, Title 5, a classroom instructional aide must assist instructors. The employee selected does not appear to meet these criteria. The non-inclusion of this employee in the calculation did not reduce the District's expenditures of unrestricted General Fund dollars below the 50 percent requirements of Title 5 Regulations.

Recommendation

We recommend a review of the duties and job descriptions of those employees charged under the "instructional aide" account codes. The District should ensure that all employees, classified as such, have duties which conform to the above listed descriptions of an instructional aide and that the nature of their duties is instructional in nature.

District Response

The Vice President of Instructional Administration and the Dean of Human Resources will review job descriptions of the instructional aides to ensure the duties assigned are consistent with the requirements of the instructional aide categories.
