¡Saludos!

Mi nombre es Dra. Cynthia Olivo y me da mucho orgullo ser la Vice Presidente de Servicios Estudiantiles aquí en PCC. As the first person in my family to go to college, I know first-hand how helpful a guide like this can be. I remember having so many questions but not really trusting that I could ask for help without feeling more out of place. When I became a Chicana activist, I learned about systems of oppression that were designed to make one feel like an “other” in society. I am 3rd generation born in this country but due to oppressive practices, my own hard-working, amazing, migrant farmworker grandparents were unable to go to college due to laws that prohibited their participation. My ten aunts and uncles attended school in an era where they were punished for speaking Spanish by their teachers and my own Mom was raised in a time when she also experienced blatant racism from her peers. Although they faced these challenges – my family endured in important areas in life – familia, love, faith and wisdom. It was in my generation, with the strength of our family members, that we pursued higher education. It was not easy being the first to go to college – but I gained strength from learning about our ancestors and drawing on the pride of our heritage – generations of activists, incredible people tracing back to our indigenous roots to creators, inventors, architects, mathematicians who developed thriving civilizations and had energy that endured throughout time and still do through us. I still draw upon what my Mom taught me as I was growing up – to use my voice to ensure that our Students who have been historically and are currently pushed to the margins – have a chance to succeed. So, that’s what we do at PCC. We try to match your needs with services that honor, validate and support you in realizing your dreams. This guide is full of resources – all designed for you. Remember, we have endured, we will persist and – ¡sí se puede!

Dra. Cynthia Olivo
Assistant Superintendent/Vice President, Student Services
About Pasadena City College

Pasadena City College (PCC) provides the San Gabriel Valley with a high quality, innovative and dynamic learning environment that inspires student success. Each semester we offer academic programs that encompass degrees, transfer programs, and certificates to 30,250+ students.

We are on the homelands of the Tongva people:

The sites that make up PCC exist on the Indigenous homelands of the Tongva people. As inhabitants of this space, PCC and the various faculty, staff, and students who partner with us to support student success recognize that we are all simultaneously teachers, learners, and guests on these lands. This land acknowledgment is a small part of an ongoing process of working to be in good relationship with the land and the people of the land. Thank you to Dr. Michaela Mares-Tamayo, Director of Student Equity, for initiating and advocating that we acknowledge the land we stand on and for informing our institution about honoring sacred spaces.

We are a diverse community of learners:

We are new students and returning students. We are local, international, and online. We span many cultures – LGBTQIA+, multicultural, veterans, and everyone else in between.

Dr. Michaela Mares-Tamayo

Department: Student Equity, College 1

Identity: ¡Chicana!

Latino/a/x role model:
Melquiades Mares, Jr., ’61 and Lorraine S. López, ’73: two first-generation PCC alumni, transfer students, public school educators, and my parents.

What makes me Latino/a/x proud:
Knowing that I carry with me at all times a rich personal and community history.

Personal Message:
"Aspire not to have more, but to be more." - Archbishop Oscar Romero
About Pasadena City College

¡We are 51% Latinx students!

Pasadena City College is proud to be a Hispanic Serving Institution, a designation given to colleges with 25% or more of the student population being Latina/o/x students. We have held this federal designation since 1990. At PCC, more than half of our students identify as Hispanic, Chicana/Chicana/x, Xicana/Xicana/x, or Latina/Latina/Latina/x. In 2016, we celebrated Día de la Raza and the day we surpassed the 50% enrollment mark at PCC.

Our faculty, staff, and administrators have worked together through various organizations, centers, and initiatives on campus to highlight the importance of Latina/o/x stories to our College. In 2015, Pasadena City College held a semester long celebration to honor one of our most notable Latino alumni--Mr. Jaime Escalante whose work as a teacher at Garfield High School was featured in the movie, “Stand and Deliver”. This served as a reminder that we embody the spirit of ganas and resiliency to overcome every obstacle in our way. In 2017, our PCC Distinguished Commencement Speaker was Julissa Arce, who shared her story as an Undocumented Student from Mexico and how she worked as an executive on Wall Street while keeping her status in the shadows. In Fall 2017, PCC held a private reception for our students with another notable alumna, NASA scientist Dr. Adriana Ocampo, at the Great Minds in STEM Conference at the Pasadena Convention Center. In 2019, our PCC Distinguished Commencement Speaker was Mexican artist Simón Silva and our Student Speaker was student Jessi Fernandez, who shared his story of resilience as a formerly incarcerated student now studying at UC Berkeley. Since 2015, PCC has hired more Latina/o/x Faculty, Staff, and Administrators, and is continuing efforts to diversify.

The term “Latinx” represents the identities of non-binary, gender non-conforming and gender-expansive people. For this resource guide, you may see “Latina/o/x” and “Latinx” used interchangeably. We do so with the recognition that there is much work we will continue to do in order to ensure that there is a sense of belonging and inclusion for all the lived experiences that make up our Latina/o/x community. In a similar way, we also understand the ongoing need to amplify the lives of indigenous, Brazilian and other non-Spanish speaking people who are part of our culturally diverse community.
¡We Embrace Our Identity as an HSI!

- PCC has been federally designated as a Hispanic-Serving Institution since 1990.
- We recognize the rich experiences, strengths, and needs that come with truly being an HSI.
- PCC is a paid member of the national organization for HSIs, the Hispanic Association of Colleges and Universities (HACU). We have actively participated in HACU since 2011 by sending a delegation primarily composed of students to the annual national conference.
- We are a partner to the Adelante Youth Alliance which brings thousands of Latina/o/x middle and high school students to our campus annually.
- In 2019, the City of Pasadena invited PCC to collaborate with community historian Roberta H. Martínez and create an exhibit to recognize and honor Latinx History in Pasadena.
- Our collegewide One Book One College feature this year is "Corazón" by local poet and award-winning author Yessika Salgado. We have also featured Spare Parts, Little Nation, and the Madonnas of Echo Park since the program was created in 2011.
- We are ranked 7th in the nation for awarding associate degrees to Latina/o/x Students.
- We are ranked #1 in California for awarding associate degrees to Latina/o/x Students.
- We know and have proof that at PCC Se Puede!
¡We are the future!

We are science and math, liberal arts, music and art, athletics, nursing and vocational arts. We are recognized educators, experienced staff, and caring counselors. We offer an opportunity for students to transfer to top schools or to find new careers. We are achievers, impactors, and innovators. We break barriers. We are proud, bold and strong. We are everything our ancestors dreamt of and more!

This student resource guide is one of the many ways we are committed to ensuring that our institution is responsive to the needs of our Latinx community. Our intention for creating this resource guide is to assist Latinx students in identifying resources and support services focused on helping them reach their academic goals while at PCC.

Our students are the reason we have secured Title V and Title III grants so successfully in the past, and are the very center of our newest Title V grant, Abriendo Caminos, which represents a renewed opportunity to design with Latina/o/x strengths and experiences in mind. Join us in celebrating Latinas/os/xs at PCC, learning from, about, and with Latinas/os/xs at PCC, and supporting our community. We invite all who are reading this guide to affirm Latinas/os/xs at PCC and to learn from, about, and with us throughout the year, and to join us in embracing the work ahead. Thank you.

Department: Chemistry
Identity: Latina (Ecuadorian)
Latino/a/x role model: Chemistry Nobel prize winner, Mario Molina
What makes me Latino/a/x proud: I am proud to be Latina because of the culture and family value. I grew up with a big family and our parties always involved dancing and amazing Ecuadorian dishes. I love that my family have always been supportive. My parents gave me confidence and a strong work ethic.

Personal Message: "Never regret a day in your life. Good days give you happiness & bad days give you experience." - fearlessmotivation.com

I really believe that in my life, I have had hard moments and at those moments they were difficult to go through, but these experiences have made me who I am. I have also had many joyful experiences that I celebrate, and those also made me. My greatest goal has been to be true to myself and my beliefs. I have always defined what my goals were and many times as a Latina, I was the "only" and felt isolated at those times my family and friends were so important. Surround yourself with believers and learn for both the bad and good - you will be stronger for it!
Black Lives Matter

The writers and contributors of this resources guide stand in solidarity with those fighting against injustice, oppression, and systemic racism. We stand with our Black students and their families, Black colleagues, and Black community. We see you, we mourn with you, we are here for you, and we stand arms locked together in the pursuit for justice.

For George Floyd, Ahmaud Arbery, Breonna Taylor, Botham Jean, Eric Garner, Freddie Gray, Philando Castile, Tamir Rice, Sandra Bland, Alton Sterling... and the countless others that have been murdered because of the color of their skin: we will be saying their names; organizing for change; and working to end institutional racism.

We dedicate ourselves to modeling solidarity not just in words, but in action - in our communities and in our homes. We recognize that Anti-Black racism is a reality in many Latinx communities. Ignoring the African within our culture is a form of Anti-Blackness that we will not tolerate.

Basic Information on Afro-Latina/o/x Culture

The term Afro-Latina/o/x was adopted as a response to the invisibility of Latin American and Caribbean Blacks while discussing issues of ethnicity. Below are some useful resources to learn more about the Afro-Latina/o/x culture:

Knowing your career goal is helpful in determining which higher education option is best for you. For example, a student pursuing a career as a mechanical engineer will need to earn a bachelor’s degree. On the other hand, a student pursuing a career as a registered nurse can begin a career with an associate’s degree. If you are undecided on a career, the Robert G. Freeman Center for Career and Completion can help you learn more about yourself and the careers that would best fit with your interests, values, skills and goals.

Options in Higher Education

Below are educational options available at PCC:

Earning an **AA-T or AS-T degree** at PCC guarantees you admission to many universities with junior standing and prepares you to complete a bachelor degree in a similar major at a CSU or a participating UC, HBCU or private university.

The **Associate in Arts degree** (AA degree) is a general studies degree. It can stand alone, giving you the skills to enter the workforce. Or, it can be the first steps towards earning a bachelor’s degree at a university.

The **Associate in Science degree** (AS degree) prepares you with the unique skills needed to enter a specialized career field. You may also choose to continue your studies and earn a Bachelor degree in a science-related field or other area.

Our **Certificates of Achievement** give you the knowledge and training you need to enter a specialized career or enhance your skills for advancement in your job. Coursework completed while earning a Certificate may also be applied to an Associate of Science (AS) Degree to further increase your employability.

Earning an **Occupational Skills Certificate** develops your job skills in a special area of occupational education in a short period of time. Successful completion may certify that you are prepared with job entry skills leading to a full Certificate of Achievement program, or skills to upgrade or advance in an existing career.

**IMPORTANT:** An Associate Degree is generally not required or considered by the university as an admissions requirement. Many students choose to obtain an AA or AS degree prior to transferring for personal or professional reasons. The program of study for the AA degree can overlap with the lower division preparation for transfer. If your objective is to transfer, however, be sure to seek the advice of your counselor for the appropriate program of study for the Associate Degree.

**Questions to consider when talking to a Counselor or Faculty member:**

- Do I need a degree if I plan to transfer to a university?
- What are the advantages of obtaining a degree at PCC?
- What is the difference between an AD-T degree and an AA or AS degree?
- What majors and certificates are available at PCC?
- What types of courses are required for these majors and certificates?
- How does my PCC major affect my major choice at a university?
- What are the skills I should be developing to be successful in the workplace?
- What programs or services are available to support my educational goals?
Robert G. Freeman Center for Career and Completion

The Robert G. Freeman Center for Career and Completion was established through a generous donation from Molly Munger and Steve English, local philanthropists and supporters of PCC. The center is named for Munger’s stepfather, an alumnus of the college and a contemporary of Walter Shatford, from whom PCC’s Shatford Library derives its name. Dr. Freeman was a Pasadena Unified School District board member and a vocal advocate for the desegregation of Pasadena’s public schools. Dr. Freeman passed away in 1975, but his legacy lives on in the lives that have been impacted by PCC and the Freeman Center.

Services provided at the Center include:
- Exploring and choosing majors
- Exploring career options
- Providing interactive and online assessments
- Job and internship search

Academic Counseling

Consider us your Academic Counseling Familia! We strive to empower you to be successful in your academic, career and personal goals. Our hope is that you feel supported to continue to be triumphant, just as your ancestors were.

It’s your goals, your hard work, your academic journey, but, we are here to help you get started and support you along the way. Counselors will help you create an education plan based on your major to help you stay on top of your academic goals, assist with transferring to a university, provide referrals to programs based on your interest and answer any type of question you may have.

There are many ways you can connect with an Academic Counselor to get the help and support you need; these include: phone, video, email or in person. We also have Spanish-speaking Counselors on staff. If you have a language preference, feel free to let us know!

To make an appointment, click on the following links:

If you have completed 0-20 units at PCC visit New Student Counseling

If you have completed 20+ units at PCC visit Current Student Counseling

Atención: If you are currently part of an empowerment or support service on campus that offers counseling, it is highly recommended that you meet and work with your specific program counselor to get the help you need. You may have received an email with a specific appointment link or steps outlining how to schedule an appointment through PCC Connect.

We believe in you! ¡Tú puedes!
Think Transfer!

Whether it’s to a CSU, UC, out-of-state or independent school, the PCC Transfer Center offers support, counseling, and transfer events to help you get there! Stop by the Transfer Center and find out what universities we are visiting, what workshops we are offering, speak to transfer advisors and learn about the different events that are planned in the near future! Did you know that every semester we host University Day and Night? In this event, hundreds of university representatives visit PCC to answer questions and help guide your transfer process! We welcome you and encourage you to begin your transfer journey by visiting the PCC Transfer Center.

Think Transfer and Join CLAVE!

CLAVE stands for Chicano/a/x/ Latino/a/x Advancing in the Values of Education!

In Spanish, Clave means key or password. Similarly, our program focuses on providing you with the key values and benefits of transferring from PCC to a university.

Benefits of CLAVE:

What makes me Latino/a/x proud:
What makes me proud to be a Latina is the resourcefulness and resiliency that I see within the Latinx community to push forward.

Personal Message:
In moments when I think I can’t and the feeling of imposter syndrome is at an all time high, I think about my parents and family members who migrated to the US from El Salvador to escape a war and in hopes of a better life. Being first generation, is not always easy but remembering my parents resiliency reminds me of my own. It motivates me to push through the discomfort and unknown to create a life I love. Always remember to push forward to reach your goals and dreams.

Associate in Arts in Spanish

This associate degree prepares both non-native students and heritage learners to communicate effectively in Spanish in a wide range of personal and professional settings. Students will broaden their cultural awareness and develop sensitivity to the diverse Hispanic cultures within the global community. This degree prepares students for career advancement and transfer to a four-year college or university.

Spanish (AA-T)

The Associate in Arts in Spanish for Transfer Degree (AA-T in Spanish) develops competence in the ability to understand, speak, read and write Spanish, and to provide an understanding and appreciation of the Spanish language and the cultures of the Spanish-speaking world. The AA-T in Spanish prepares students to continue their education at a California State University (CSU) campus leading to a baccalaureate degree in Spanish.

Latina/o/x Graduation
¡Celebrando tus logros!

Mission/Purpose:
The Latina/o/x Graduation intentionally supports the retention and completion of the Latinx student population at PCC. Our celebration builds community and a sense of familia for PCC Latinx students and strives to empower students to be their agents for social change in their lives, their families and their communities. Our goal is to provide models of success for future generations.

Objectives:
1. Engage and motivate Latinx students to complete a certificate, degree and/or transfer program.
2. Engage and motivate Latinx students to complete high school diploma or GED as a step towards continuing a postsecondary education.
3. Create and cultivate a space for staff, faculty, students and their families to celebrate PCC Latinx students’ achievements in a culturally-affirming event.

General Information:
Join us in honoring your accomplishments at PCC in a culturally-rich, bilingual Latinx celebration along with your family and peers. The Latinx Graduation Ceremony is for both Transfer and Graduating students from all sites of our College, non-credit and credit.

The graduation takes place every Spring at PCC. All friends and family are welcome to attend.

Included in this ceremony:
• Certificate
• Sarape Stole
• Entertainment
• Dinner

Phone: (626) 585-7287
Email: clave@pasadena.edu
Eligibility:

- Be a PCC student
- Be transferring, graduating, or receiving a certificate (CTE)
- Be able to attend the Latinx Graduation ceremony

FAQS:

*Can I participate in both Latinx Graduation and PCC commencement? What is the difference?*

Yes, the Latinx Graduation is meant to be complementary to the main PCC Commencement. Some students will participate in both or just one. It’s up to you!

*How many tickets will each student receive? What do I wear? Where do we meet?*

Tickets, attire, and general information will be discussed during the mandatory orientation.

*Do I wear a cap and gown? If so, how will I receive it?*

For the Latinx graduation, we do not require students to wear a cap or gown. We will discuss the dress code in detail during the orientations.

*Is the graduation free?*

The Latinx Graduation is free. We provide students with the Sarape sash, certificate of achievement, and dinner.

MESA at PCC serves over 300 students pursuing a major in Science, Technology, Engineering, and Math. We provide educationally and economically disadvantaged students with the skills and resources to be successful in school and career in science, technology, engineering, and math.

What is MESA?
The MESA California Community College Program (MESA CCCP) is an academic program that supports educationally disadvantaged community college students to excel in math, engineering and science so they can transfer to four-year institutions as majors in these fields. MESA CCCP Centers are located on community college campuses throughout the state. The program is a collaboration between MESA and the California Community College Chancellor’s Office.

MESA CCCP is based on a rigorous academic program that uses various components to support students majoring in math, engineering, and science. The program components help build an academically-based peer community to provide mutual student and motivation. This community of learners is what sets MESA CCCP apart from other programs. Of MESA CCCP students who transfer to four-year institutions, 100% choose to major in math-based fields. One year later, a full 90% of these students are still math-based majors.

You are eligible for MESA if you are:

- Majoring in science technology engineering or math (defined as calculus math based)
- Currently taking or have taken and passed math above elementary algebra (math 131) at pcc or another community college
- Plan to transfer to a four-year institution in a science tech engineering math major
- Taken over 24 units college units
- Financially disadvantaged (eligible for bogw, pell grant, cal grant, dream act, calworks, general relief, and other state and federal financial resource programs)
- Educationally disadvantaged (first generation college student, or took below college level math at pcc or other community college.)
MaS2 (More Math and Science)

The MaS2 program provides you with opportunities to connect to PCC and explore STEM.

Eligibility requirements

The MaS2 program is open to any PCC student who is majoring or may be interested in majoring in an area of science, technology, engineering, and math (STEM) and has accumulated less than 54 units.

PASS works with current PCC students who are from a low-income family, are first generation college students, and/or have a disability. PASS is designed to increase the retention, graduation and transfer rates of our students. We do so by providing a holistic approach to student development and student success. As a program participant, you will gain knowledge and skills to empower you to achieve your academic goals.

PASS offers students counseling, academic tutoring, financial aid and scholarship assistance, workshops, campus tours, field trips transfer support and priority registration. It’s our goal to prepare you with the skills and motivation you need to succeed, graduate from PCC and transfer to a four-year institution.
The Puente Project

PCC Puente Project Vision:
The vision of the PCC Puente Project is to empower students to become change agents in higher education, their professional fields, and their communities. Puente students have the capacity to break cycles of poverty and reform systems of oppression to create a more just society.

PCC Puente Project Mission:
The mission of PCC’s Puente Project is to increase the number of educationally disadvantaged students who enroll in four-year colleges and universities, earn college degrees and return to the community as mentors and leaders to future generations.

Program Description:
Through membership in a year-long cohort in English, counseling, and mentoring, students develop academic and personal strategies to reach their educational goals. Additionally, PCC Puentistas:

- Stay involved and connected through peer mentoring, tutoring, and other job placements on campus.
- Develop student leadership through participation in Puente club and other leadership opportunities.
- Access financial support through job placements, EOPS, financial aid, and scholarships.
- Have a pathway to UC through enrollment in UCLA + UC Riverside Summer Programs.

Start Getting Support

Located throughout campus, our centers are open to PCC students and are here to support you in your academics. Each center offers a variety of services – tutoring, access to technology, workshops, study space, course materials and more – all geared towards ensuring your academic success at PCC.

Computer Learning Center

When campus is open, the Computer Learning Center provides PCC students and faculty with three well-equipped computer labs for lectures, assignments, tutoring, and homework.

The CLC lab in D-104 is an open lab for currently enrolled PCC students to use. D-101 is a dual-use room, functioning as a classroom at scheduled times and as an open lab when no classes are scheduled and overflow computer use is occurring. W-101 is only available for instructors to schedule in advance for class use.

Learning Assistance Center

Take advantage of the FREE resources at the Learning Assistance Center (LAC)!

The LAC offers academic support to help improve your scholastic success. Our staff and tutors are here to actively engage and support you by helping you with everything from your study habits to specialized tutoring in specific classes.
**Tutoring & Success Centers**

**Math Success Center**
The Math Success Center is your on-campus resource for quality math tutoring and homework help. We offer tutoring for most math courses including STAT 50. We also offer study rooms.

**Speech Success Center**
The Speech Center at Pasadena City College offers tutoring for all Speech courses offered at PCC. We also offer help to any student who needs help on a presentation. Practicing a presentation on your own can only help so much. Practicing in front of one of the tutors will better prepare you for when you actually have to present your speech!

**Services Provided:**
- One On One Tutoring
- Computer Labs & Practice Rooms
- Help with speech preparation and overcoming public speaking anxiety
- Help selecting a topic and creating and editing an outline
- Coaching in speech delivery tips and memorizing techniques
- Group Presentation Strategies
- Argumentation and Debate Strategies
- Understanding Communication Theories

**Writing Support Center**
The mission of the PCC Writing Support Center is to promote the development of good writing skills necessary for all PCC students to become confident, independent writers. We work to accomplish our mission through one-on-one tutoring and providing students with resources such as grammar handouts, directed learning activities, and workshops to help them improve their writing.
Library

PCC Library is here to support your academic success!

PCC Librarians are experts at helping students with academic research and citation. We can guide you through all phases of the research process, including:

- Understanding research assignments
- Selecting a topic
- Developing research strategies and keywords
- Finding credible sources
- Citing sources

Librarians provide one-on-one research assistance through 24/7 live chat support online. Research consultations, via Zoom or by phone, are also available by appointment.

As the campus gateway to a world of information, the Library also offers credible resources in both print and electronic formats. Explore our expansive collection of databases, ebooks, and online resources by using your current LancerPoint login.

**PCC Library offers:**

- Pick-up service of print books, textbooks, and graphing calculators for semester-long loan
- eBooks, streaming video databases, access to scholarly journals
- Subject-based research guides with video tutorials

Purpose

The purpose of the Student Advisory Equipo is to include students in the design and critical components of the Guided Pathway framework and other campus-wide initiatives at Pasadena City College (PCC). The Equipo is funded by the Abriendo Caminos Title V HSI grant, which recognizes the importance of students’ voices, ideas, perspectives, and insights on activities, policies, and proposals leading to the goals of the grant. We also recognize the importance of peer mentors and providing a sense of community to our Latina/o/x students.

Mission

To promote student success by increasing student engagement in the Guided Pathways framework and other campus-wide initiatives. To foster a campus environment where Latino/a/x students and other marginalized populations are represented and supported to build community and peer relationships.

Values

Desiree Zuniga

Department: Academic Counselor, Student Advocate

Identity: Latina, Chicana, and a proud daughter of immigrants.

Latino/a/x role model: Frida Kahlo & Dolores Huerta

What makes me Latino/a/x proud:
The diversity, the history, the food, the music and the "¡Sí, Se Puede!" mentality.

Personal Message:
Never give up on your dreams! Being a trailblazer will have you questioning your sense of direction and abilities but never forget that every step you take is your ancestors’ wildest dreams.

Goals

• To increase student retention and success for Latino/a/x students
• To foster a sense of belonging and importance to our Latino/a/x community
• To help build community and support to Latino/a/x students
• To connect students with campus resources and academic support
• To promote student voices in campus-wide initiatives and changes
The mission of the President’s Latino Advisory Committee is to help enhance the educational success of Latino students at PCC.

PLAC was formed for the purpose of providing input directly to PCC’s Superintendent/President on the needs of the large Latino community served by PCC. It is comprised of both community members and PCC faculty and staff. We welcome involvement from the local business and the civic community.

PLAC Also Raises Funds For Scholarships

PLAC also raises funds for scholarships. We have awarded over $150,000 in scholarships to qualified students. The recipients excel academically, are student leaders and volunteer in the community. The funds for the scholarships were raised from PLAC committee members, PCC faculty and staff, local businesses and community members who want to support the educational achievements of students who attend PCC.

“I realized that as a non-traditional student, I have the wisdom to change because it is never too late for positive change.” This scholarship recipient graduated from a local high school in 1996 and worked for 15 years before being laid-off. Faced with unemployment and raising two children on their own, they decided to take the leap and return to school and pursue a degree that would allow them “to flourish in the future”. Here at PCC, they developed a love for environmental causes and completed an Associate degree in business administration. They are now at a local university and that much closer to their ultimate career goal of developing sustainable community housing.

ALE Scholarships

Each year the Association of Latino Employees (ALE) will award a total 2 scholarships: 1 Latina/o/x student employee and 1 Latina/o/x employee. The following is a list of minimum requirements for both:

**Latina/o/x Student Employee Scholarship:**
- Student worker or professional expert at PCC
- Student at PCC, other college or University
- Student employee must be nominated by you, an ALE dues-paying member

**Latina/o/x Employee of the Year:**
- Full-time employee at PCC
- Full-time employee must be nominated by you, an ALE dues-paying member
The PCC Safe Zones Coalition training identifies, educates, and supports allies. Allies are individuals within the PCC community who consider themselves to be knowledgeable about the needs of Lesbian, Gay, Bisexual, Transgender, and Questioning (LGBTQ) and/or Undocumented people. Individuals who complete the training choose to provide support by displaying a sticker or lapel pin that indicates that they are an advocate and have cultural competence for those who are Undocumented and/or LGBTQ. By building a community of allies, we will foster and support greater student success.

Objectives

We live in an ever-diversifying society, and in order to be supportive and aware of different identities, perspectives, and experiences, we must pursue (and provide) opportunities to learn about different identities, perspectives, and experiences – particularly ones that are stigmatized, marginalized, and largely silenced.

Safe Zone Ally Workshops are wonderfully unique opportunities for people to talk, learn, and ask questions about sexuality and gender in a non-judgemental, safe, educational environment. Safe Zones Trainings are a safe space free of judgments where people can honestly communicate with each other, educate one another, and ask any and all questions.
Safe Zones Coalition

Safe Zone Ally Workshops are opportunities on college campuses for staff, faculty, and community members to learn a little more about how different aspects of a person’s identity influence our everyday experiences, and often a chance to learn about these topics from individuals within the university community.

**Ally Training Objectives include:**
- Training a network of empathetic allies on campus
- Making this network visible and accessible by posting decals on doors and pins on appropriate locations
- Ending discrimination and bias against LGBTQ and Undocumented campus community members
- Assisting LGBTQ & Undocumented students in their social, personal and academic development
- Providing a shared learning experience

Admissions

Join 30,250+ students from every background imaginable, all driven by the possibility of fulfilling an educational goal and jump-starting a career. Pursue a degree or certificate, complete classes for transfer, or prepare to enter the workforce – whatever you choose, we will give you the opportunities, resources, and support you need to succeed.

You may be eligible for admission to PCC if you are:
- A high school graduate
- Not a high school graduate, but over 18 years old.
- A 12th-grade-or-below student who meets Concurrent or Dual Enrollment eligibility.

You need to complete an Application to PCC if:
1. You have never been a student at PCC
2. You haven’t attended PCC for a year or more (i.e. you missed both Fall and Spring semester).
3. You are attending or have attended PCC as a concurrent enrollment (High School or K-8 student).
4. You submitted an application for a future semester, but now wish to attend PCC for the current semester.
5. You applied for a previous term but did not enroll in classes.

I’m not a US citizen or a Permanent Resident. Can I still attend PCC?
Yes, you can attend PCC even if you are not a US Citizen or permanent resident. After you have submitted your application to PCC, visit the Office of Admissions and Records to complete a California Nonresident Tuition Exemption form and be exempt from paying nonresident tuition fees.
Financial Aid

Let us help you pay for college

It costs less than you think. PCC offers you all the advantages of a four-year college education – top faculty, a wide range of courses and degrees and the support you need – all at less than half the cost. Plus, the Office of Financial Aid and our knowledgeable advisers are here to help you find options to make your education affordable.

Types of aid

Financial Aid is any source of funds that are available to help you pay for college. Most types of financial aid comes from federal and state programs, which require completing the FAFSA or the California Dream Act to determine eligibility and award you funds based on your demonstrated need. Additionally, there are several institutional aid programs that award funds based on need and/or merit. Use the resources below to better understand options available to you to help you pay for college.

Grants

A grant is a type of financial aid that you don’t need to pay back. The amount of grant money awarded to you is based on demonstrated financial need (which is decided by your FAFSA application).

California Promise Promise Grant (BOGW)

The California College Promise Grant waives your enrollment fees if you are a California resident and qualify by meeting certain income requirements or other eligibility requirements outlined on the application.

Work Study

Our Federal Work-Study (FWS) program offers on and off-campus employment opportunities for PCC students with a demonstrated financial need. If you are granted Work Study, you may work up to 19 hours per week while school is in session to earn money to go towards your cost of tuition, books, and fees.

Scholarships

Scholarships are awarded funds that you do not have to pay back. Many scholarships are based off academic merit or other achievements, while some are also need-based.
California Dream Act

If you are not a US Citizen or permanent resident but are attending college, you may still be eligible for financial aid through the California Dream Act!

What is the California Dream Act?

The California Dream Act allows students who are not US Citizens or permanent residents but meet AB 540 Criteria to apply still for and receive non-state funded scholarships to help pay for college. Originally authored by Assembly Member Gil Cedillo (Los Angeles), it became law through the passage of two Assembly Bills, AB 130 and AB 131.

AB 130 allows students who meet AB 540 criteria to apply for and receive non-state, privately-funded scholarships for public colleges and universities.

AB 131 allows students who meet AB 540 criteria to apply for and receive state-funded financial aid such as institutional grants, Cal Grant and Chafee Grant.

Download PCC’s AB540 Financial Aid Brochure

Who Is Eligible?

You are eligible for the Dream Act if you meet the following AB540 criteria:

• You are not a citizen or permanent resident of the United States

• You attended a California high school for a minimum of three years or you have credits earned at California high school that are equivalent to three or more years of full-time high school coursework and a total of three or more years of attendance in California elementary schools, California secondary schools, or a combination of those schools.
Eligibility continued:

- You graduated from a California high school, passed the California High School Proficiency Exam (CHSPE) or got a General Equivalency Diploma (GED, also called the General Educational Development test) or other state-authorized high school equivalency exam such as HiSET or TASC.

- You are entering as a current student at or are currently enrolled at a California Community College.

- If required, you will complete an affidavit stating you have filed (or will file when you are eligible to do so) for proper immigration status.

How to Apply

If you are eligible based on the above criteria, complete the CA Dream Act Application. This link will allow you to complete a new application and make corrections to an existing application.

When applying, make sure to enter the school code for Pasadena City College (001261).

The Office of Student Life

Located in the Campus Center, the Office of Student Life offers a wide variety of activities, programs, and services to assist students in achieving a balanced educational experience. We provide an array of student leadership opportunities, involve students in college governance, provide support and guidance in co-curricular activities, and produce and support cultural awareness activities and services. Further, our office sponsors and assists in educational, recreational and club programs and events, offers volunteer opportunities on campus and in the community, provides financial assistance in the funding of programs, and individual student scholarships, and more.

The Associated Students

The Associated Students are PCC’s student body consisting of 12 current students that are elected annually to represent and work for the students. Their goal is to provide students with information, entertainment, and services that are necessary to support them in reaching academic success at PCC and in the future.

Clubs and Organizations

Clubs and Organizations are the best way to get involved at PCC. Like Salsa Dancing? Have an interest in Economics? Itching to play some Tennis? We have a club for you!

With over 80 clubs and organizations we have something for everyone. Cultural, Political and Academic organizations are all represented. Membership is open to all registered PCC students. Clubs meet the social, academic and cultural needs of our students. Most clubs meet during college hour on Tuesdays or Thursdays from 12 p.m. to 1 p.m..
Rapid Response Emergency Aid (RREA)

Rapid Response Emergency Aid (RREA) is a collaborative campus effort to help PCC students if a financial crisis crops up which threatens your ability to stay in college.

Rapid Response Emergency Aid is meant to help out in times of unforeseen financial emergencies, which can happen at any time. This can be to cover certain eligible expenses, such as utilities, rent, medical and dental costs, or automobile expenses, as well as the money for books- or tuition-related expenses. But if you find yourself in financial hardship you couldn’t have foreseen, and it means you may seriously need to drop out of college in order to take care of it, then Rapid Response might be able to help.

Cross Cultural Center

The Cross Cultural Center (CCC) is the center for equity and social justice programs on campus. We bring speakers on campus, and plan programs and field trips that support students’ success, broaden understanding across differences, raise awareness of power, and empower students to make a difference - all of which will help students think critically and develop their leadership skills.

Lancer Leaders

Lancer Leaders program is a leadership development program open to all students on campus. You will gain leadership competences through programs, lectures, and workshops, which can have a positive impact on you and the community. It is possible to gain a Leadership Certificate with the completion of certain workshops and upon completion of a 20 hour service project. Please visit the LancerLife site and look for Lancer Leaders under organizations for times and full workshop descriptions.

To learn more visit: pasadena.edu/campus-life/student-life/lancer-leaders.php.
Cardinal & Gold

Cardinal and Gold Leadership (C&G) believes that everyone can be a leader. Whether in the class, on the job or in the home, we all can have an impact. The C&G program is a leadership development program open to ALL PCC students.

C&G seeks to develop the leader in you, through hands-on workshops and activities. As a participant, you will gain knowledge, skills, and experience in leadership. A primary goal is learning first-hand knowledge through the application of learning; therefore, you and other C&G members will serve as the primary facilitators at local and regional leadership retreats and also staff the Lancer Leaders program. For more information, check out the Cardinal and Gold page on the LancerLife site.

Your success in the classroom is just as important to us as your success on your field/court/pool of play. Our Academic Athletic Zone offers tutoring, advising and resources dedicated to supporting Student-Athletes. Visit the Academic Athletic Zone.

The Stan Gray Academic Athletic Zone is here to give you the necessary academic and personal support so that you can succeed both on and off the field.

We offer a wide range of assistance programs such as academic support, multi-subject tutoring, counseling, and advisement. We strive to help you adjust to life at the community college level, establish effective study habits, and developing appropriate academic and career plans. We recognize your commitment to consistently achieve at a higher level in your sport and want to make it so you are able to fulfill that goal in the classroom as well.

Personal Counseling

Since 1950, the Personal Counseling Program has been an integral part of the educational experience at Pasadena City College (PCC) and has been working with students to creatively handle the stresses of college life. We help students learn how to master these challenges to enhance their psychological, interpersonal, educational, and career development while at PCC and long after leaving the campus. We are committed to increasing awareness and knowledge and expanding resources for students to successfully meet and handle the challenges of encountering new ideas, relating to others from diverse backgrounds, and coping with the transitions of adulthood.

Services include:

- Individual Counseling
- Group Activities
- Social Services Support
- Resources
- Stress management

Social Services Support

Are you a student who…

• Is experiencing a personal, educational, psychological, or financial crisis?

• Is currently experiencing homelessness and would like information and resources about housing?

• Is experiencing domestic violence or feels unsafe in your environment?

• May be eligible interested in resources or community assistance and not know where to begin?

• May be eligible for public assistance programs based on low-income, your age, or a disability and need help navigating the services that may be available to you?

If you identified with any of the above examples, we’ve got good news for you - there is a Social Services Coordinator located in the Personal Counseling Department that is currently available to provide you with help and support!

What makes me Latino/a/x proud:
What makes me proud to be Latinx is for sure the beautiful and rich culture and familial traditions. Growing up as a daughter of immigrants my parents always ensured I knew about my roots and that sense of community has truly been one of main motivations in my college career. Being the first in my family to receive a masters degree was an accomplishment that was done together in community, para mi raza y para mi familia. I love that sense of community within the Latinx culture and of course the delicious food and most importantly the resiliency that exists among mi gente.

PCC at Rosemead

PCC at Rosemead is an educational satellite that offers general education credit courses leading to Degrees or Transfer, noncredit courses, and key student support services. As a student attending PCC at Rosemead, you will be a regularly enrolled PCC student with access to all PCC student services and the PCC Colorado Blvd. campus. Plus, the small, intimate setting of our center and courses, gives you easy access to faculty members and allows you to better get to know your peers!

The courses and programs offered at the Rosemead site support students who wish to:

✓ Complete GE requirements for an AA or AS degree
✓ Prepare to transfer to a 4-year college or university
✓ Take ESL classes to learn the English language
✓ Complete requirements for a degree within 5 academic programs
✓ Current local high school students looking to enroll concurrently

History

Pasadena City College established an educational site in the City of Rosemead in October 2013, or PCC at Rosemead in an effort to continue its commitment to “providing access to higher education for members of the diverse communities within the District service area”.

Latino/a/x role model: Definitely my father, he is the strongest and most selfless person I know. Not only did he inspire me to follow my dreams be the first in my family to pursue higher education, he supported me throughout my journey, and kept me motivated when things got tough. Words cannot express how influential and supportive he has been.

What makes me Latino/a/x proud: The richness of the culture and closeness of the community makes me proud. In our household, family and community are so important, specifically, connecting over home cooked meals that have been passed down from generation to generation and seeing how hard our community works to uplift one another.

Personal Message: Remember to lean on your support system, whoever that may consist of (chosen or biological family, friends, mentors). As students, we aren’t in this journey alone, there are so many people out there that want to see you succeed!

**What makes me Latino/a/x proud:**
I’m proud to be raised in a culture that deeply engrains in us the importance of family and supporting one another. Community and family are so important. From padrinos pulling together to pay for different parts of a Quince, or children taking on roles like translator for their parents, our values demonstrate a need to support the collective over one’s own self.

**Personal Message:**
A piece of advice... do not allow the feeling of being othered or not being perceived as “Latino/a/x enough” stop you from learning about and embracing your culture. My French last name and sound of my voice has confused others at times of how I fit into Xicana culture. What people meeting me don’t see or know, is my mother immigrated from Mexico at 10. I am the first generation in my Mexican family to not work in “the fields” or agricultural labor. My mother’s generation was pressured to assimilate, being raised in her household meant complex understandings of what it means to be Mexican American or Xicana. Do not let others gate keep the Xicano experience from you. Let go of worry of the way others perceive you, and dive into embracing and exploring your culture, whatever it may be.
