

EC Meeting 03242020

CTO: 11:11

VP is having problems with Zoom. Wants support and advice on how to proceed with hiring committee chairs. PD could have been rolled out better. Cerritos 3CSN is working well. PCC should consider doing the same.

S. Rose: Give options to chairs: should Matt send out email to Jason (PD) regarding issues for faculty.

MH: Will send out meeting request to Jason to meet with EC.

VJ: C and I is frustrated

MH: We will be flexible. Some dept. adjuncts are being told that if crisis continues that summer classes will be listed as online, and priority will be given to those who are online certified. Will check with Erica and Terry. Admins should come to a decision on whether to extend this out to the end of the semester. Those are conversations that are happening.

SR: We need to advocate for more course designers to prepare new classes.

MH: We need to expand past the fires and have good teaching practices.

VJ: has there been any discussion on Labs being counted if taught online.

MH: will set up a meeting with TG.

SR: Senators should solicit input from divisions on info from the AS.

MH: going forward to what degree do we try to get the senate back to business as usual.

GL: We should revisit the norm

MH: We could adjust norms

SR: we should visit place time and manner while visit from the attorney is still fresh in our minds.

MH: AP 4020 and some in the 3500 series. Elections: Matt will send out something to each division by next week. D. Cuatt will need to figure out how get ballots from campus. Matt will send to Terry, Isela and Stephanie to coordinate and attend senate meetings. Including Cynthia.

How can we do things better for our students. Perhaps have special guest who are performing well in this crisis time. Retention and Instruction are different things

MH: will solicit from senators best practices superstar. What works corner. May be able to use AS website to disseminate information.

Unanimous consent for approval of notes.
