

Distance Education Website

Recommendation

The Distance Education Committee recommends that the college provide for the continual update and maintenance of a full service, accessible, distance education website.

Recommendation: Learning Management System (LMS)

The Distance Education Committee makes the following recommendations regarding the choice of a Learning Management System for the campus:

1. The LMS must meet fully the needs of faculty and students and be accessible in a manner that is ADA Compliant.
2. The decision regarding the choice of a new LMS will be made in a collegial manner through the shared governance process.
