

District Technology Standing Committee

Annual Summary 2017-2018

During the 2017-18 school year, the District Technology Committee (DTC) focused on District procedures around accessibility and information security. In this effort, the DTC worked on drafts of BP/AP 3411 - Accessibility of Electronic and Information Technology, BP3725 – Information Security Standards and AP3726 – Data Classification Standards. Efforts to finalize the drafts of these policies and procedures will continue into the 2018-19 school year and submitted to the College Council for feedback and approval.
