- I. Call to order at 12:04 PM
- II. Public comments on non-agenda items - None shared
- III. Information Items
 - 1 Flex Day – Valerie followed up with some information about post-flex communication to the PCC community
 - 2 PD Community Forums – Jason shared that the community forums were completed and then moved into a discussion of the feedback collected during these events (see below)
- IV. Discussion / Developing / Deciding
 - a. The Committee reviewed feedback collected during “Meet & Greet” sessions from The Colorado, Foothill, and Rosemead campuses. The committee members were given the following framing questions to guide their analysis of the compiled responses from both faculty and classified staff: (a) What stands out?, and (b) What, if anything, do you infer from this feedback? Analysis along these lines produced the following observations

- Lynda.com opportunities maybe need more ongoing promotion (Is there a way to offer real-time, on-campus trainings for particular Lynda.com sessions?)
- Seems that sessions on identifying and responding to “distressed students” are needed (this should NOT be linked with active shooter training)
- Equity topics/trainings seemed to be of particular interest
- Leadership training seems important for classified staff
- Noncredit (Foothill) have different needs
- Resources for students facing life challenges (related to food, housing, etc.) are out of reach for Rosemead students

b. Review 2015-2016 PD survey questions

- This set of questions needs to be revised before an explicit PD survey can be sent out to the community
- Decision to not sent out a survey now (perhaps Spring 2019??)
